

# VASCEPA® (icosapent ethyl) Dispense as Written Codes

The Dispense as Written (DAW) Code is a code transmitted with the claim that indicates special circumstances. Pharmacists should use DAW codes to dispense branded VASCEPA including DAW 4 (generic drug not in stock) and DAW 8 (generic drug not available in marketplace).

## DAW Codes

<b>DAW 0</b>	No product selection indicated
<b>DAW 1</b>	Substitution not allowed by prescriber
<b>DAW 2</b>	Substitution allowed – patient requested brand product dispensed
<b>DAW 3</b>	Substitution allowed – pharmacy selected product dispensed
<b>DAW 4</b>	Substitution allowed – generic drug not in stock
<b>DAW 5</b>	Substitution allowed – brand drug dispensed as generic
<b>DAW 6</b>	Undefined (not in general use; reserved for future use)
<b>DAW 7</b>	Substitution not allowed – brand drug mandated by law/regulation
<b>DAW 8</b>	Substitution allowed – generic drug not available in marketplace
<b>DAW 9</b>	Undefined (not in general use, reserved for future use)
