

If generic icosapent ethyl is rejected,
it may be because **ONLY brand name**
VASCEPA® (icosapent ethyl) **is covered**

See reverse side for details or ask your
Amarin sales professional for more information.

Vascepa®
(icosapent ethyl)

Specify VASCEPA® to reduce prescription rejections

Make sure patients receive their VASCEPA prescription:

IF

Your icosapent ethyl (IPE) request is rejected by the patient's health plan. This may be because brand name VASCEPA is the exclusive IPE for that plan.

THEN

Resubmit the request, and make sure to specifically type in brand name VASCEPA to avoid rejection errors.

Scan to see plans that only cover VASCEPA
